

Bright Light Foundation

William “Joe” Hughes

2014 BLF Recipient

My name is William Hughes. I was born in Illinois. My wife's name is Judith and we've been together for 28 years. I have two great boys and three step-children. We moved to Houston in 1993 when one of our daughters got married and had a child. I started working at Hunting Energy Services in 1993 and was with them for 20 years. Where I was a maintenance supervisor until an illness caused surgery and then I wasn't able to return to work. It just about broke my heart cause I loved my job and my coworkers. Now I'm retired in Spring, Texas and doing the best I can for my

wife and myself. I beat my cancer and life is too short not to fight for it.
